## OBJECTIVE

I am seeking a position as a Web/Graphic Designer that would provide me the opportunity to contribute my vast creative skills.

## SKILLS

### Software:

Photoshop  
Dreamweaver  
InDesign  
Illustrator  
Acrobat  
Office  
Mac OS X  
Windows

### Technical:

HTML & CSS  
FTP  
Working knowledge of jQuery

### Strengths:

Detail orientated  
Extremely organized  
Exceptional time management

## EDUCATION

**Saint Xavier University Bachelor of Arts '11**  
Graduated magna cum laude and awarded Dean's List.

## EXPERIENCE

### Freelancer Web/Graphic Design '07–Present

As a freelance graphic designer I have designed websites, icons, documents and general graphics for clients around the world including high profile clients. Duties include corresponding with clients, managing time wisely, invoicing clients, and managing finances.

### Jason Hayes Web & Graphic Design Nov–Present

Redesigned dotWhat.net website & logo; created custom file extension icons; logo & application icon for PhoneMiner software.

### Emmis Interactive Contract Designer Jul–Nov '11

Hired on a per project basis creating graphics, Powerpoints, formatting text for a new support website, and other various projects.

### Emmis Interactive Design Internship Apr–Nov '11

Designed website comps, t-shirt design, Comcast SportsNet (CSN) email templates, and other various projects.

### Connie Marshall Web & Graphic Design '09–'10

Design and coded her website, brochures, and CD Covers.

### American Classics Sales, Stock, & Design '03–'06

## ACCOMPLISHMENTS

**Smashing Magazine**, an online web design publication with over 1/2 million twitter followers, featured my icons in several articles.

I'm actively involved in the largest artist community, **DeviantArt**, where I've had the highest honor of receiving a Daily Deviation and my artwork being viewed over 760,000 times.
